WORK EXPERIENCE

SkillDzire | Data Science Intern

remote | June 01 - July 01

I gained valuable hands-on experience in data science and improved my ability to create insightful visualizations. Working on real-world projects taught me to approach data challenges methodically and collaborate effectively with team members to enhance project outcomes.

SKILLS

Programming Languages	c, c++, java, python
Libraries Frameworks	html, css, javascript
Databases	my sql
Tools	PowerBI

PROJECTS

Model Building For Training Datasets

Python

Developed a predictive model to analyze and forecast data trends by applying regression techniques.

Used Python libraries to train the model on real-world datasets, optimizing for accuracy.

Evaluated the model's performance with metrics like Mean Squared Error and R-squared to ensure reliability and effectiveness.

CERTIFICATIONS

- **Hackerrank:** sql (basic), Javascript (basic)
- **Infosys:** Dbms, Computer Networks, Node.JS, AI, Data Mining
- **Cisco Networking Academy:** c, c++, Linux
- **Simpli Learn:** Power BI(beginner)

HONORS & AWARDS

- 2nd place in paper presentation at Vishnu Institute of Technology, Bhimavaram
- Conducted a Power BI workshop at my college, teaching students data visualization and analysis skills.
